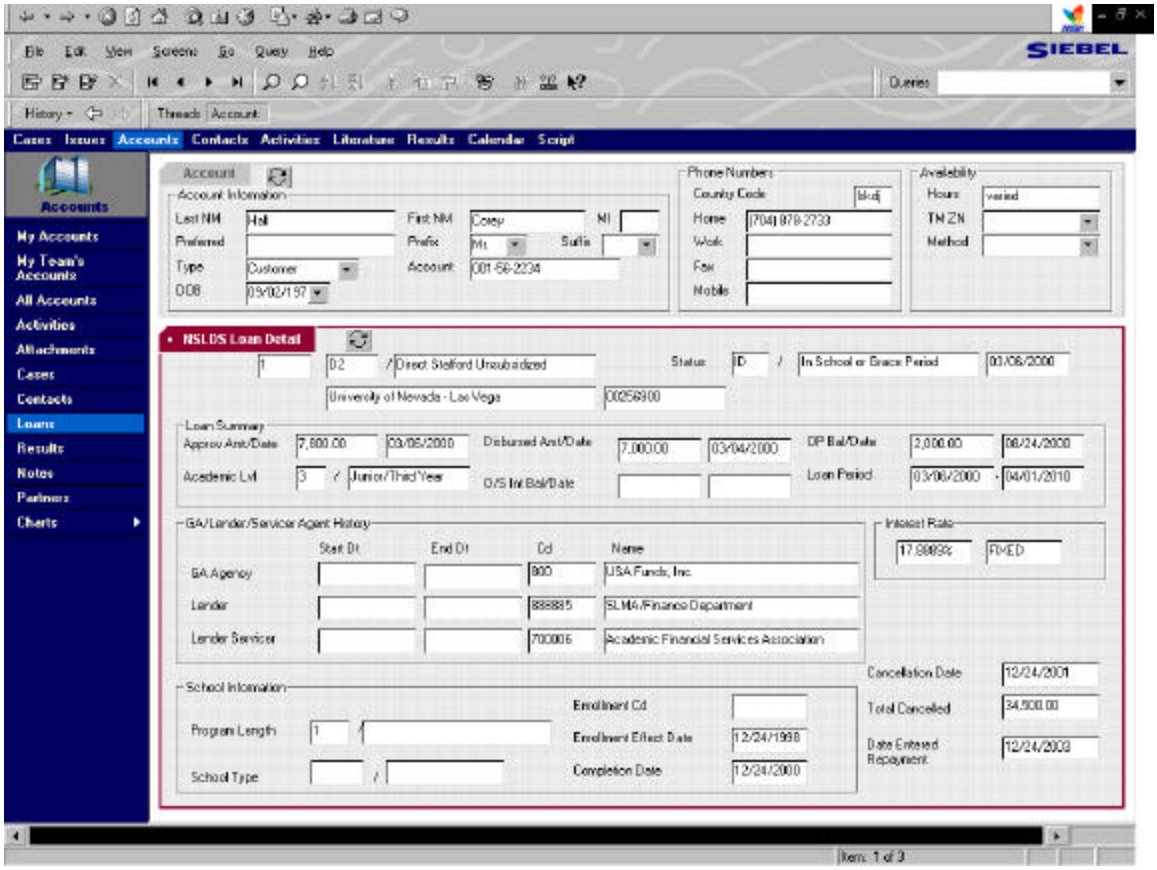
Loans View



View Description:

This view's primary purpose is to display an account and all of its associated loans in a list applet with the functionality to toggle to a form applet.

OCTS Account Form Applet (toggled): *top half of view*

The form applet displays all pertinent account information for a given account in a single, scroll-free display. This applet has a toggle feature that switches between the two halves of the OCTS Account Entry Applet to enable the user to see all of the account data..

For a detailed data mapping please refer to Appendix B-6

OCTS Loans List Applet/OCTS Loan Form Applet: *bottom half of view*

This applet has a toggle button in its top, center section. This button allows the user to choose between the Loan List Applet or the Loan Form Applet.

Loan List Applet: This applet lists loan data imported from NSLDS and displays all of the loans that are associated with the account displayed at the top of the screen.

For a detailed data mapping please refer to Appendix B-17

Loan Form Applet: This form applet provides all of the loan data from the selected loan from the list applet and displays it in a no scroll format showing all of the data in one applet.

For a detailed data mapping please refer to Appendix B-18
